

BOOK TITLE:

## **INTRODUCTION BY ASHTAR**

This is Ashtar of the Command of the Free Federation of Planets. As I have promised, I will give you a short derivative in my so simple to understand truths about some of the happenings within, as well as on your planet. We have heard your request for a book of simple terms and have conceded to the fact that, as you continue to ask, so shall it be given. This is in no way to exclude those writings given by Korthrox and Jambian, for to broadcast their new news is in indeed a privilege beyond comparison. Later on you will understand this better. If you are now ready, we will start with our first segment. You may title this first chapter as...

## **CHAPTER ONE**

### **THE FLEETING THOUGHTS WHICH DIRECT THE CONSCIOUSNESS**

This concept of consciousness will be provided for you all upon entering into the fluctuating realms of the Photon Belt. This will be done simply within the time frequency allotted to those Ones who have for so long striven to complete the course they have laid out for themselves whilst still in the Deva Chan, which is, in simple terms, the "realms of the Angelic Ones." It has never been denied to any entity or individual upon any earthen plane, to forfeit that extraordinary basis of controversial survival, whereas the formation of consciousness simply dwells upon the plane of the subconscious, which needs to be adjusted and brought into the Light. This is a simple recourse because in its simplicity simply means *to focus upon the complete abstract functioning of the Solar Rays so intertwined by the Sun's meteoric pulses*. This pulsation is a means of *taking out the light waves and directing them toward the earth's surface where people of conscious study can simply latch onto them*. In an effort to personify this ability, it is given generally, or rather relayed in a general form, into pulses within your ever changing DNA system. That is enough for this topic at the moment. Let us now move ourselves onto the next.

We have watched you both and through our survey of your earth's core have concluded that the mere complex attire of the monumental drifts within the space mechanism will be attributed exclusively to the downtrodding of your evolutionary scale. We must take personal care to not interfere with the completion of history

as it seem to be written out, no matter that its simple method of transposing the utilities of earth's continuum is in reference to our solid undertakings of continuum thinking. Our credentials in this matter take us far beyond that of the ordinary citizen of earth. Therefore, serving the consciousness of all those of our continuum, who desire to be of assistance to our reform policy, we are also greatly indebted to you Ones for the past work you have done with our brothers at Mission Control and in Sector C. It is this gratitude alone which enables us to greatly enhance our communication skills with you down to a mere level of simple talk.

## CHAPTER TWO

### THE PHOTON BELT IS UNFOLDING

This is of the severest influx upon the gravitational pull within the earth's stratospheric conditioning at this time. Oh, it is indeed a proud time to be living in, for every inhabitant on this planet of yours will (if he or she so wishes) be a participant in the unfolding of the destiny of your earth's history.

Within the earth's crust lies a neutron factor, which simply means, it is like a small cell in structure and has within its totality a range of fibre-like particles much like that of a solar star in its intertwining dimension as it unfolds within another such star form. These are made, and exist like this simply because they intertwine within other dimensions of less complex portions. The same is with the cell within earth's crust: that cell has, over eons, formed a nucleus of dimensional features, which, of course, serves to permit those living beings beneath the surface to come and go at random content or to their pleasure. Now this, of course, disturbs your scientist. But the majority of scientists have performed with crucial intent to format within their ranks the crucial instructions *to leave at all costs those sub-surface beings well enough alone*. It is then to *their* credit alone, that they do this, for if once they should interfere with the full scope of the dimensional time warp line, they could indeed cause a great shift within the structural wall of time and abandon their methods to severe destruction of who they are in totality. *"Interfere not"* will continue to be a password among that community in the near future, for as our "boys" pose as any one of them, it only serves to encourage growth in the sense that non-interference groups would not be idolized by those who simply wish to survive within the earth's rapidly changing and developing crust formation.

This is Ashtar saying good night to all, and keep us primarily in your thoughts. Our rays shine down on you forever in the hopes that you will attain in the short while the status and feel of the presence of the other Masters of Universal control. Sign off, Ashtar out.

The Generals upon your planet's surface are no longer pleased, for their endeavors in the Middle East no longer is providing them with the cushion of resources or economic power that they think they deserve.

Your Generals are quite solid at maintaining their status among their governmental officials, and that, at times, leads them into nuclear arms race at an accelerated pace. This is quite interesting as well as sad, of course, because by doing this they are planning their own demise at the hand of those who regulate their frequency, or rather, those who "pull their strings." Survival here plays a very instrumental part in the overall workout of things - of times and events to come. We find it interesting how a world culture so ingrained in personal gain does not deploy more strictness against their activities. We suppose the majority of your earth's population is too weak to even employ a fraction of the mind power necessary to succeed in implementing their swift retirement. Korthrox out on line for quip insert.

The backlash of bureaucracy is sometimes hindered by an unknown force to the people, simply because many of them are unaware, or neglect to force their consciousness into the process of what we would term as "cognition" or "full conscious awareness" syndrome. The extent of their debauchery toward their own kind only serves, as we have stated before, *to force once again the ending of their full conscious remembering.*

Hello, Starseed. This is Ashtar on Command for the Federation of Free Planets. *It is our custom to never interfere with earth humans without their approval. All accomplishments must be handled from without our dimensional attributes, in other words, we must watch and wait from our "stars" within your skies in order to not disturb the ratio of interplanetary workings.* Humans do strive a lot of the time to the best of their trappings but however fail the other half of the time to do their duty toward those of a rather higher quality of misdemeanors, which alludes simply to the fact that we all make mistakes, no matter how hard we try.

The simple matter of tonight's dialogue is the retinue of the gravitational pull forced upon your planet's ever crumbling surface. It is the moon's force intertwined with the debris of all sorts of nonsensical release into your atmosphere which is so complicating matters to a great degree. Though we often keep our speech patterns to the greatest linguistic simplicity, it is now time for those who are so inclined to further their study to a greater degree, that must go on with more complicated data. To keep the boundaries to a more or less neutralized fashion, we need in turn to gravitate toward the moon's surface or circumference all known proto-light in an effort to streamline the accuracy of the head beam known as the radium of light's current waves. The reason this is so important to us, as well as to you, is simply speaking, *we have no reason to contribute to the furthering cause of*

*your pollutionary era.*

In circumspect, when all is indeed said and done, it is our certain duty toward your species to *renavigate the efforts of your scientists into a more founded navigational circle.* In any case, mere conjecture on the issue found in your social circles doth naught but to serve upon the complexity of wherewith it deems itself of the worthy manufacturing of etiquette.

We are from the stars of the Andromeda Sector. There are indeed many from different cultures among us. All are not indeed from Andromeda, as you might suspect. But then neither are you all from the same place. And eventually you might come to realize that *an effort is certainly being made on you one's part in whole to free the each of you from certain catastrophe.* We wish you would smarten up your act at times. There are indeed those of you as well, who, when given the ratio of destructive qualities mixed with the ration of non-destructive chaos, would do well to merit unto yourselves the fashionery release of bringing Light waves down onto your planetary influx! Please continue to love the Light rays, for they are part and portion of your debut.

We have indeed succeeded for the replay of the planet of Mars and Jupiter; striven hard on your behalf to accentuate the gravitational redemption qualities which are so hard for you to reach. These are neutron devices which are a customary to work for the swift undercurrenting of your nebulous work areas. *Please petition your leaders to stop cluttering up the earth's delicate atmosphere with their metallic rubble.* This is of a certainty to improve things up here. Static reform is an adequate title for all biddings of Congress against the people and herewith, whenever mentioned by we Ones, doth be of the certainty to liberate those from behind their rather soiled benches of political reform.

Adieu for tonight. And may grace find yourselves of the making unto others of a more congenial nature. Just a little static oft leaves ones to perform a more satisfying composure among others of their race. Adrignon out.

Ashtar, of the Free Federation of Planets, willing to contribute further to our writings of this past time in our categorical expanse, of course.

Tonight we do in fact wish to proceed with the beneficial thought of providing ye Ones with an eclipse of your future beneficiary documentation. In our words we simply wish you to understand the necessary implementation, of which we could arrive at, that would serve our sector to the full enhancement of all arriving substitutes for the proclaiming of sequential craft landings of a most necessary nature. Protruding out far into the night skies are one of the most needful of exchanges, as far as elevating the necessary enclosures for those, whom we deem

to be of the most responsible and responsive nature. It is for this purpose alone that we find to fully document your resources for this accomplishment of neutralizing the magnetic structure of frequency next to the earth's current. For the destruction of the essence of all of mankind will not in the least occur when in its finality *nuclear resources will be laid waste by our detonation of warfare artifact into your earth's atmospheric climate.* This will possibly not occur before it is found to be of the far lateness of the hour, and therefore all evacuationary processes of latter-day man will also not occur beforehand. Because of the symphonized structure of our conglomerated craft we merit all responses to the keeping off of the destructionary radius of earth's circumference inkeeping with the plankton of evolutionary artifact. It is of this purpose that all necessary landing procedures be endured by our craft whilst in the air above your stratospheric expansion. And indeed lift-off will be solely categorized by the necessary change in breathing habits by earth's inhabitants. It is crucial at this point in time to list all necessary precautions, of which each inhabitant should indeed be aware of near the essence of their removal, and it is now our wish to do them this service. Please begin with B.

***B - Begin:*** *Wash down all items which you wish to take with you, but keep them at a bare minimum for you will not be taking solitary trips by yourselves. Space must be accounted for. Move onto C now.*

***C - Contradictory:*** *Contradictory to current belief we do not wander around the galaxy in robes, therefore it will not be necessary to bring your sheets. We in fact will secure places of rest for all ye ones and to your detriment only will you ignore this kindly information. Move onto D.*

***D - Depart:*** *Our procedures for docking instructions will be left solely to our people and most walk-ins for their assistance. Do not concern yourselves with this regimentation process. It is well looked after. However, before departure procedure begins just make sure you are there at the "docking bay." Concrete instructions will be given throughout the earth. Watch your airwaves and T.V. stations. Go onto the final instruction E.*

***E - Evacuation:*** *The evacuationary process may leave the each of you rather dysfunctional at that point, but needless to say, the feeling will eradicate itself into your mainstream deployment of mind-melding with us. This you will find useful if you ever wish to ask a question. Thank you for your concern. We are always grateful at any point in time to place your needs of the moment on par with ours. Adieu.*

Those who continue to waste your time with non-sensical information will find yourselves bereft of all satisfactory providences which we so offer to you.

Deuteronomy is the book which provides the most inclusive material to a healthy style of living, yet ye ones have naught given unto yourselves the necessary requirement of a nutritional dieting form, which in any case would have certified the degrees by which you so oft engage in unhealthy retinue by overeating those non-solid foods and therefore aberrating unto your own bodily functions that certain of implements, which would, according to our own driven ratio of gardening procedures to make of non effect all those caricatures of less regimented desire unto the thyroid affection.

Thank you for this programming nature and we will continue at your will, which is as ours, the reprogramming of devices necessary to personal hygiene nearest the 7 o'clock hour. Adieu.

All categorized ailments are due to inefficiency of the structuralized break-down of immunity within bodily functions. It has been noted however upon your planet, that all non-nutritional substances, such as the effective use of solar cane upon the dietary measures, have nevertheless succeeded their efforts to acclaim this worthwhile and in (according to their view) mass humiliation of the performing of strychnine proposals upon all areas of bodily functions.

Erase frequency on all levels however due to the amount of Praxomine within the electrical celluloids of the lifestream itself, will serve in all effect to neutralize the magnetic wave frequency of all proportional aberrational contrivances. This simply means in effect, that not all symptoms of disease are curtailed within the life-giving perimeters of the core puzzles themselves.

We will continue at a later time within this, our topic of discussion customary practice, for all is gratefully intertwined within its own ceaseless ability to form synchronized structure upon the two-formed capillaries, which so differentiate themselves in nature. The structure formation of the red-white core puzzles contain, as in all things, the process of the ying-yang attribute. It is necessary to mention, that along with all recorded earthen documented data, that any aberration should in the least be attributed to a one-on-one formula. We will accommodate your request for proposal at seven. Thank you, Ashtar Command out.

All complementary endeavors on our part will indeed serve to restructure all pro-coding neutron DNA structural patterns in order to enable us to differentiate the pattern from that of all non-conspicuous proceeds welting out of the vibratory resource structure of detrimental accomplishes. All preliminary neutron devices, which we hold so carefully at our fingertips, have in the past proven to be of the necessary sort to relay all known processed data upon one individual to another in a sort of pre-coding technique. This is servatory to the purely laid out structural

essence of character which at the least will manufacture to itself the necessary requirements of all formulated dietary practices. This can only be curtailed by us to the extremities of non knowing just how well a person will react to our own given source of accommodating factors, which of course, even at best forces the alleviation of the continuation of all manufacturing processing downput of our computer bank's medical department, as you would term them, to be the equivalent of your own, and thus provide us with a well fitted caricature of all patient responses.

Due to error in the sub-line of the naturale of Canadian referral structure of your own downtrodden medical services, not to mention the taking on of laboratory injustices, we have already attuned to the nonsensical fact of deploying our own mode of transportational nuances to the fore of their blood banks for the relieving of pressure on all sides. This has at least been of somewhat a subtle attempt in conglomerating the natural resources for the purpose of restructuring the capillary section of understanding the compliant restructuring of what you doctors and surgeons term as the "grave mistake." This, of course, refers to the blood donor's question in which thought processes are naught detrimental to the outlaying of most nutritious factors pertaining to good health.

Friday, 11th November 1994

7:32 pm

It is imperative that the people herewith upon planet earth prepare themselves in accordance with our rather seemingly factitious novices. This is due to an imperialistic equatorial shift within the earth's axis centre. This does in no way refer to the core, but rather the outer southern/northern polar regions, of which are fixed to either portion the magnetic effect of the ying/yang process, as is with all equilibrium within universal source structure. It is not enough to talk about the oncoming occurrences, but rather preparation in a before-hand method would simplify cases of extreme soon-to-be failure. In our terms this would alleviate any and all desires for the engaging of conduct of unethical status requirements unto the performing of aberrational whims of those who seek unknowingly and who abate themselves and their curricular from the truthform of all and which lies in within all universal creation forces. *It is often brought to our mind in these situations, that not one who might therefore perish. It need not be if but the prophecies by our hands and by our words are fulfilled to the idiom in every essence of kindred factions!*

It is necessary also we find to mention at this particular given time in your earth's history, that you will in essence form the nebulae of the next structural society: those of you who have been chosen to be the seeded implants, will at once be

expected to conduct yourselves within the time frame of that accordance withdrawal. Symptoms often prove somewhat to be of non-detrimental essence in this respect. For here we have the opposite of what was performed within the earth's structural period millennium ago.

It is sad, as we watch from our places in the "stars" the utter decayance and self-reliability of those underlings, which so desire not one whit more than to be of a self-sufficient, self-sacrificing nature. We do allude to the fact however that the attainment of such despicable goals into higher realm or higher-dimensional fields of theory are reached at this time by few, who in turn acclaim themselves oft to be more than they actually are. And here we refer to the personages of the below-plane of some of you ones yourselves, who opt (to) work with us and are of a compliant nature. We do determine that at times humility would be granted and welcomed as a forefront running, however *we also affiliate ourselves within the understanding pattern, that are you who suffuse to the neo-naziism endeavour of "flying from the platform" of long subservient behaviour, will find yourselves thusly falling down the porthole of the high-beamed interior.* Adieu.

Thank you for coming promptly to the keyboard, dear Seila. **It is our intention at this time to allude to the personification of those crooks down upon your earth's planetary atmosphere, who have so in the past done such injustices as to personally equip themselves with the what they anyway deem necessary equipment in the artificial hopes of accumulating great wealth at the expense of our downtrodden troops, who oft have fell to their deaths (as you would term it) and have proceeded to equate themselves with one another for the gruesome purpose of hijacking our craft so as to make for themselves a close duplicate reminder of our great wealth of knowledge.**

This is not only regrettable for them, but for us as well, as those typhoids of mankind's diseased patterns have done naught but to contribute to the solely sought-after subjective welfare of their fellow brothers and sisters from beyond the stars. This is not only a disgraceful manoeuvre on their part, but we do hold those of the supposedly higher essence of mankind in general, as it now stands, as the sole contributor before the High Council, to acclaim full right and title deed to their own misfortunate activities toward those of other nations. And here, of course, we are alluding to the misshapen welfare of our brothers within the surface crust of earth's porous crust, the inhabitable core link. This we will surely discuss in regular time sequence. **But as of now, it is safe to say that, should any one of those so inclined to come close within our favourable atmosphere (presence), then it will be to their own cause that we elude them for the sole purpose of engaging for ourselves the necessary artillery maneuvers to ensure not only our own safety but that safety of the crew.**

We are currently engaged within the strife, which has for so many centuries eluded us. Perhaps it would be of the occasion of employing more or less artificial robotic means, of which are so often portrayed upon your scientific show types, and therefore manufacture themselves accordingly, that is to say according to the real life truth, instead the fanciful whims of the entire populace of your casting supplies. However, it is to our extreme regret that all systems are set on "GO" and functioning within their fullest capacity, that we hereby find ourselves working within the consensus of other arbitrary means by which ye ones will, certainly at some time in the extreme near future, find yourselves engaged in as part and parcel solely due to the effect of the nuclear waves high within atmospheric conditions, which do, in effect, hinder the correct running of the stratospheric conditioning of the hemispheric planes within all categorical expenses, or in your own words, circumstances or perimeters.

Adieu for this small portion. Now to kindly equite us within the *manufacturing of spacecraft, of which you higher ones of the earthen plane have so stolen our blueprints!* Do you really believe that not only will you get away with your horrendous deeds {or are you instead of a kindlier mind to share with others the findings of your so long age {ancient} ancestors of civilized man}? First of all, in order to gain the status of civilization, you will find it to be of the imperative nature to reclaim all earthly functions, in order to postulate those grievances toward your "star" brothers, and to, in course fact of the situational process, lend toward us instead a kindly arm of maneuvering. You do indeed, though many of you might naught be aware of such, break our hearts. Has there ever been a time whereby you did not in the least gravitate toward our kind with less than contemptuous design of character? Oh, how you need to learn! You have broken our hearts to the tenth degree! Can we now implore ye ones of the "High Council" of the earthen plateau to hinder not your own evolutionary progression of not only yourselves, but toward your own fellow brethren, in order to gain the respect so oft due to certain ones upon your hemispheric attire {planet}? Think again of your cause, and stop all your neutral dealings before it is too late, not only for you, but for all nations upon your earth. We do implore you at this time, however, to consider our words and contemplate our heady averence to your crimes. This being by the consensus of those of High Authority within the regimes of neutral mass-interference. It is also the seasoning adjustment plan of the High Council of Armedia, Pluto, **that esquence be allowed to heighten the subjectory status of earth's inhabitants.**

It is for these reasons precisely that temptation will no longer be of protruding effect upon the templates of your Mother World. In other words, it is strictly for the benefit of all Mother Resources, such as interplanetary double-ups and the elimination of war types as well as, and frankly speaking, the consensus on slavery abolition and natural warfare, which strictly speaks of earth's natural activity being

of a consenting nature with that of the tulip, doves, and whales. These, of course, symbolically represent the earth, sky, and waters. So here we have it: interloping over the qualms of history those negating factors of detrimental purpose, being turned upside **(down)** into a flourishing national dispute. **(down – was that word added, Reni? For if it was then the meaning of the sentence hath been regularly CHANGED. – Seila!)**

So think again! **Come, be one with us, within the majority of all encompassing plans of both, mice and men: the Great Godhead, as you term it, and the one Creational Pattern over all, within all, and for all.** You understand? The arbitrary consensus of the people goes similar to this: the tie in to the Creation is somewhat similar to your declaration which states: "by the people, to the people, for the people." We state: *Universal consensus is defined in its overall essence to be formulated by the people, for the people, unto the One Creation - the All Encompassing Benefactor! Our benedictions to all of Mankind! Salu!*

Andromeda Rex working in co-consignment with Ashtar Command Unit out of the Free Federation of Space Station Units. Thank you. Out. Frequency 9.5 megahertz. Telepathic frequency out.

### **CHAPTER THREE THE CONSCIOUS ASPECT OF THE SPECIES**

(EDITOR: YOU HAVE LEFT IN A DATE ON PAGE 7) \*\*\*

#### **NUTRITIONAL HEALTH HAZARDS**

This is Ashtar Command coming in on your frequency, Starseed. Ashtar presiding at the forefront of the epilogue discussionary proceeding of the day. Thank you. Let us to please begin a new chapter heading at this point in time. Thank you. Proceed please.

The text of Nutritional Health Hazards, is a rather complex one to which, we would like at this point in time, to standardize into it's complete format for the benefit of all personal upon the Earth's surface structure. Ahem, it is solely for this birthright of the Nations, that we adhere to the strictest adherences of National abbreviated sojourns, upon the nucleus of planet waves, in particular. To put it in a more simplified text, or rather co-herent modem, we will categorize the nutrients for good conglomerated conscious health, dealing first with the solar plex of the nutritional diet. There are indeed many sources of requirements for the Plutonium Consciousness, to which, we might add, has it's sufficient status among all National Congressional ties, to the rest of the Interplanetary control, within the total spectrum of mass consciousness. It is for these reasons that the subject

outline, would, unless performed within an intact division, adhere strictly to the outpouring of the love essence not only from the Heart Chakra, itself, but of course, pertaining to the categorizing of the Solar Chakra, as well as the Crown Chakra, from which all nutritional desires are gained. In other words, the currents which are so derived from the rather stationary process of healing, within current categorized effinimum, are, to the rather resorting and restructuring of the complete content of nutritional value. It is for this purpose that we have waylaid an easier or more simplified manner of explanation to be processed by your brain wave capacity. Do we stretch your consciousness in this way? We certainly do. For now you have got to think for yourselves. Do not, however, strain your mindmelds on our account, for it is solely for *your* commendation that we have limited *our* resources to fit into *your* wave lengths as much as possible. Limited awareness is to be achieved only on the basis for compounding those trouble areas which the mass production of melting down of understanding, occurs within your "three-dimensional" realm of understanding. Thereby, conducting tours through the dimensions, attributes, not so much on our behalf, {for we are missing very little}, but rather, on sole behalf of the personal so established upon the face of that detonation planet, you term as the Earthen plateau.

Here in fact, is processed in curricular format, those items of disclosure of We Ones. Please proceed with (A) please, Starseed. Next column.

(a) Depict the nearing accumulation of photon belt effects upon the conscious minds of collected human consciousness. It will indeed, be felt throughout the Galaxy, in fact. Next point please.

(b) Beginning with the human aspect of the Solar Plex, we will personify the ending from the beginning, of which there is actually no cause. For to "end," there must be a beginning, and to begin any activity, there must have first been an ending to all categorized content. Go on to the third element please.

(c) Strictly speaking, it is always the Crown Chakra of which you humans so duly contribute to the entire worth of your conscious activity. For without it, how can you attribute and maintain standard control for the mass elevated conscious workings of your species. Four.

(d) The love chakra. Of this, we speak with the fondest elation, simply, because to attach oneself to this product of the mind, you will always perform in perfect unity within the Creation of Life, itself. You will give us cause then to manufacture those thought-up elements, which attribute to the healthy cause of nutritional value for the benefiting of all of mankind. This is when life becomes a sincere synchronized effort on behalf of all total workings of previous, as well as future workings within the collective consciousness, not only of mankind, but of all

governing species as well, throughout the complete manufactured texture of Creation, itself.

To keep these particular Chakras in a healthy state of mind and being, is to elevate oneself into the total productive capabilities of never being wrong in ethic style nor morality, as construed throughout the texture of all Universal Laws. For the golden rule which so states: To love your neighbour as yourself, can never be the failing point of exposure, neither to be found in the past nor in the future. For all that we do in the present has been texturized into the time frame of all future resources, which we have so aptly built up for ourselves, as well as the effect they so readily have on others. Well, dear friends, elasticize your minds as you read this oft, for not one time will you submerge yourselves within these texts, or paragraphs, but graphic illustrations will be sent to you through your own manufacturing of explicit instructions, if only to teach and to ensure you, that you are indeed your own boss. Come quickly, those of you who first understand, and record all your dealings with us. Write of them to encounter dramatic effects upon the minds of others, so they too, will understand the contents of, that, which we offer. Good joy to you all and to all mankind, personified! Ashtar Command Out for brief punctuation of epilogue. See you tomorrow in the future of your command. Love from all at the Universal House of a New Beginning. Salu.

## **THE CONSCIOUSNESS OF HUMAN ADJUSTMENT**

It is the purpose of each of nature's endowments to enable the human to dwarf the necessary attributes of all necessary changes within their DNA molecular structure. Each individual is furnished according to his or her atomic creative particles, for individual assessment, as to just where and when they stand in the procedure of changing status. Within this texturized componancy of major despondent change status, there are certain Ones of us, who have designated to be of the helping you through certain emotional states, which are, contrary to your "nature of the present moment", (which is) of a despicable and contradictory acclaim to your newly found present status. In other words, suffice it to state, that not only are major criteria abound to be indeed of the founding nature within the realms of ye Ones circular ties to each other through the complete mass conscious structure of the all, but in order to applaud ye through this time of change {and there are those of you indeed, who typically do not wish any part nor form of it, at this time} we have given great consideration to our part of the episode at this stage in your, shall we say, delivery.

It will not by far be an easy task for the majority of ye, but all taken into account, it is far better to be drawn into consensus with all others, than to be left amiss, drifting in the sea of tides. You have asked me many times to try to simplify the

dialogue on your brain wave frequency. This is not always possible, for to contribute to the cause of expanding the corpus colopus of the brain, we wish instead to cause the enhancement of all brain circuitry. Please proceed, Little Star, on our account.

You must understand us, we are here in the token effort to add summarily to that epic of transfusion, of which at times, eludes many of your people. That is, the naturale cause of those extremities which arrive at the doorstep of nucleus wave disaster. It is for these reasons alone, with the photon belt effects so rapidly closing in, that the transpiration of all effects which are so brought on by this climax of transporting wave frequencies into the hierarchical areas of the brain, will do much to transmute that energy into a sweeping radius, which will in fact, shortly, cover the entire earth's hemispheres, radiating down into much of the earth's surface sphere. Detachment is simply a co-ordinating feature of these effects upon the plasma, and you will find it to enhance those nuclear beams, which do so often radiate around in your atmospheric content. This is suffice to say to ye Ones at this time, that without instruction on our part, you would indeed be left bereft without a ship to hold onto. It is our design therefore, that to enhance more greatly the manifold properties of conscious endeavour, to your cause alone, would greatly reduce the activity of conscious reliance upon only your five god given senses. It is of a fact, of course, that each One is endowed with a greater "sixth sense" as you would call it, instead of only five. But to get these all in place so as you can understand the whys and wherefores, is somewhat of a conscientious activity on our part. In the days gone past we have alluded to the worthwhile cause of maintaining upon mother earth, those satisfactory regimens which would hopefully, in your future which is now upon you, to cause those with prospective natures to accommodate those who are of the frequent attire to attribute nothing to this great ending of a most glorious beginning. Do you understand? It is simply this: In order to enhance the general population with the current restructuring devices necessary to accommodate them into the mid-stream of diagramal contours, within the photon belt experience, we need the re-structuring of those certain individuals who will at once employ the necessary sequence into the whole of the mass conscious structure. It is for this purpose alone that we remain so long within atmospheric occurrences, simply for the purpose of setting those few within us, or rather within you, for all proprieties being equal, they will serve to radiate into the source conscious structure of all humans at large. All being equal then, we hope that you can understand the entire scope of what we are trying to say before it be too late for the some of ye. For what ye amass within strict conditions must be aberrated into the whole context of application, before the run of the belt is obliterated. Take heed, therefore, in explanations due, and pay to yourselves close attention to our words, for we are in the offing to help the each of ye with your transformation into the entire complex structure of Universal Worth. Signing off for today. Thank you Starseed for your close application at the keyboard. Sub-

Commander Rextu performing on behalf of Mission Control and the Ashtar  
Command Retinue. Salu.
